

Designation on Fuse

Specifications

Voltage Rating
80 VDC

Interrupt Rating
100,000 Amps

Manufacturer
Cooper Bussmann®

Benefits

- The TPC Holder is UL Recognized as a disconnect switch for the interruption of load current by means of pulling the fuse out.
- Each TPC has a red LED to allow for quick identification of a blown fuse.
- Used in the TPC Fused Disconnect Switch for easy replacement or addition.

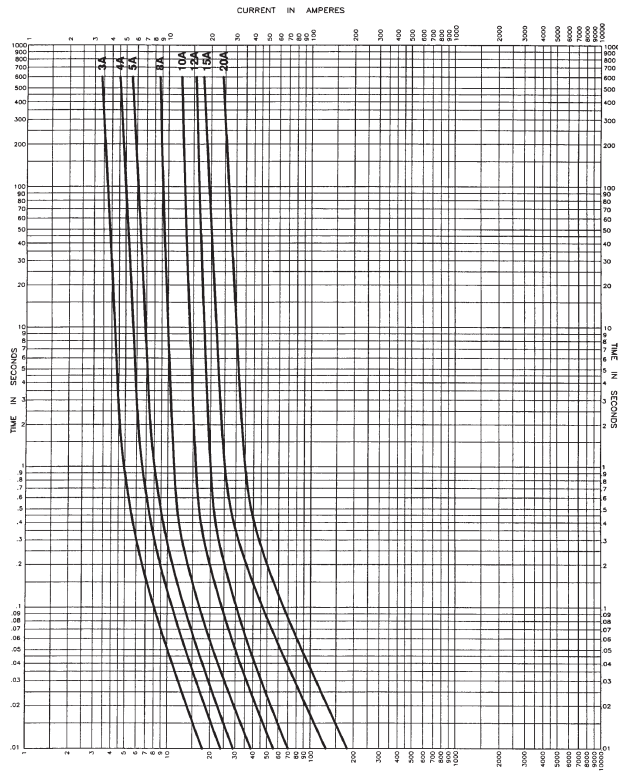

Used In Trimm Panels

- 767 Series High Current Power Distribution Panels
- 787 Series Versatile Fuse/Breaker Panels
- Select 907 Series Optimum Value Breaker Panels with Versa-Slots

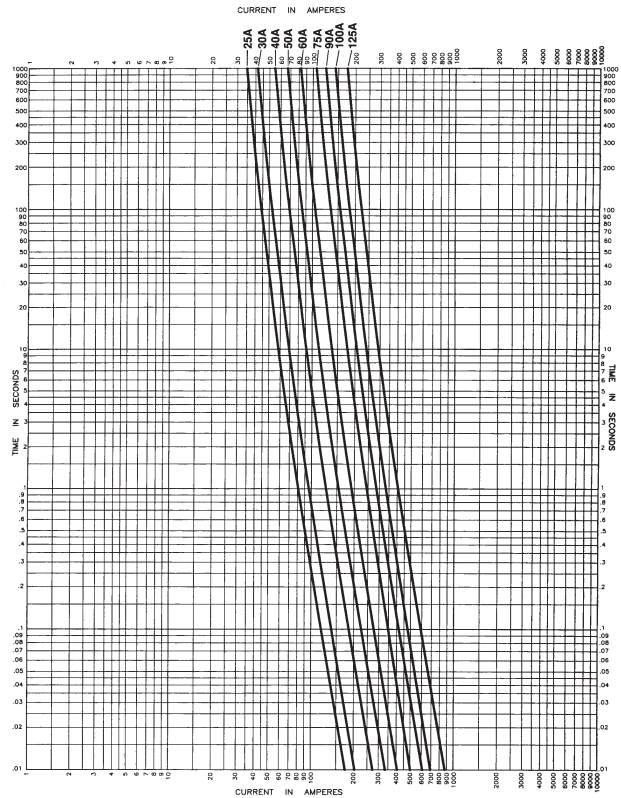

Ordering Guide

Part Number	Description	Designation
0300360003	3 Amp Fuse	TPC-3
0300360004	4 Amp Fuse	TPC-4
0300360005	5 Amp Fuse	TPC-5
0300360006	6 Amp Fuse	TPC-6
0300360007	7 Amp Fuse	TPC-7
0300360008	8 Amp Fuse	TPC-8
0300360010	10 Amp Fuse	TPC-10
0300360012	12 Amp Fuse	TPC-12
0300360015	15 Amp Fuse	TPC-15
0300360020	20 Amp Fuse	TPC-20
0300360025	25 Amp Fuse	TPC-25
0300360030	30 Amp Fuse	TPC-30
0300360040	40 Amp Fuse	TPC-40
0300360050	50 Amp Fuse	TPC-50
0300360060	60 Amp Fuse	TPC-60
0300360075	75 Amp Fuse	TPC-75
0300360090	90 Amp Fuse	TPC-90
0300360100	100 Amp Fuse	TPC-100
0300360125	125 Amp Fuse	TPC-125
0300108180	TPC Fused Disconnect Switch (Holder). The TPC Fuse plugs into the TPC Holder. The TPC Holder has two bullet connections for quick and easy insertion into Trimm Versa-Slots.	
7600161501	Blanking Plug for one Versa-Slot position
